

MUHAMMAD ALTAF

Full Stack Developer | Next.js • TypeScript • React Native • PostgreSQL • Node.js
Bahawalpur, Pakistan | +92 347 1691530 | akaltaf610@gmail.com

PROFESSIONAL SUMMARY

Highly motivated Full Stack Developer with 16 months of hands-on experience building scalable web and mobile applications using modern JavaScript technologies. Skilled in developing production-ready SaaS platforms, AI-powered applications, REST APIs, authentication systems, subscription platforms, and real-time features using Next.js, TypeScript, React.js, Node.js, Prisma ORM, PostgreSQL, and React Native. Strong understanding of clean architecture, responsive UI/UX, database optimization, payment integrations, and deployment workflows with CI/CD practices.

TECHNICAL SKILLS

Frontend	Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, React Native
Backend	Node.js, Express.js, REST APIs, Prisma ORM, Socket.IO
Database	PostgreSQL, MongoDB
Tools & DevOps	Git, CI/CD Pipelines, Firebase, Stripe Integration
Core Skills	Problem Solving, Clean Code, Scalable Architecture

PROFESSIONAL EXPERIENCE

Full Stack Developer — Future Dev Solutions | Jan 2025 – Present

- Developed scalable full-stack applications and SaaS platforms using Next.js, React.js, TypeScript, Node.js, and PostgreSQL.
- Built secure authentication systems, REST APIs, admin dashboards, AI-powered features, and subscription-based platforms.
- Integrated Stripe payment systems, real-time communication, Firebase notifications, and role-based access control.
- Worked on deployment workflows, database optimization, and CI/CD pipelines to improve application reliability and scalability.

SELECTED PROJECTS

Posty AI – AI Social Media Content Platform

Developed an AI-powered SaaS platform for automated social media content generation and scheduling for LinkedIn and Facebook. Implemented AI-assisted post creation workflows, content management dashboards, Stripe subscription billing, secure authentication, and automated scheduling systems using Next.js, TypeScript, Prisma ORM, and PostgreSQL.

AI Study Companion Application

Built a modern AI-powered study platform featuring AI chat assistance, real-time messaging, study streak tracking, exam preparation modes, productivity tools, and responsive mobile-first user experience. Implemented scalable backend architecture, authentication, and real-time systems using Next.js, Node.js, PostgreSQL, and Socket.IO.

Future Soul Application

Built a full-stack matrimonial platform using Next.js 15, TypeScript, Prisma ORM, and PostgreSQL. Developed secure authentication with OTP verification, real-time messaging, subscription management, interest matching, and a complete admin dashboard for user and subscription control.

FlexTrack Gym Management System

Developed a gym management platform featuring dynamic subscription pricing with automatic currency conversion based on user location. Implemented role-based access, member management, payment integration, and multi-location support using Prisma ORM and PostgreSQL.

Salon POS System, Website & Mobile Applications

Created a complete salon management ecosystem including customer and staff applications with reservation management, payroll tracking, Stripe payment integration, Firebase push notifications, service management, and real-time operational workflows.

Irreecha Festival Event Management Platform

Designed and developed an event management solution with QR code check-ins, sponsor management, mobile registration systems, community engagement features, and scalable backend architecture using Next.js and PostgreSQL.

EDUCATION

ADP / BS (2nd Semester)

The Islamia University of Bahawalpur
